

Feedback Form on IRC Publications

The Indian Roads Congress (IRC) is an apex body of Highway Engineers/Professionals and is instrumental in framing National Standards & Specification, Code of Practices, Guidelines, Manuals, State of the Art Reports for Road Sector in the country on the subject spanning from planning, design, construction, maintenance, operation, environment, ITS, road safety, etc. These IRC Standards & Specification are widely adopted/followed in implementation of various Central/State Government Schemes for development of Road Infrastructure.

In an effort to improvise and refine its existing Standards/Codes to the emerging technology, IRC solicits corporation from Highway Professional and all those concerned and request you to kindly forward your comments/suggestion on the existing IRC publications in the suggested profroma below at Email ID: tc.irc@gov.in to improve the quality and content of the IRC publications

The Catalogue of IRC Publications is available on IRC website www.irc.gov.in and can be downloaded by clicking the link:
